Sample delicious food they have on site including Hunt Brothers Pizza and other offerings.**

Background:

Located just two miles from Lake Michigan, the Coloma/St. Joseph KOA is the perfect place for an escape, whether for a week or a weekend. This KOA blankets 41 acres along the Paw Paw River. It features spacious pull-through and back-in RV Sites with up to 50-amp service and either full or partial hookups. In addition to Rustic and Deluxe Cabins, shaded Tent Sites are also available. Amenities include a heated swimming pool, Gaga and Carpet ball, sand volleyball court, a hot tub, playground, miniature golf, bike rentals and more.

The Coloma/St. Joseph KOA was built in 1974 and Mark and Karla are only the second owners when they purchased it in August of 2016.

They have been busy making improvements on the campground, including renovating the General Store, updating their food service offerings and adding additional amenities. The Coloma/St. Joseph KOA is open mid-April through mid-October and was recently awarded the 2017 President's Award for meeting exceptional quality service standards.
